

Spennymoor Town

COMMERCIAL PARTNERSHIPS 2026/27

INTRODUCTION

After another top 10 finish in National League North last season, here at Spennymoor Town we're doubling down on our exciting ambitions for 2026/27.

As well as continuing to make progress on the pitch, our off-field operation is also building real momentum. With an incredible season attendance of 35,000 at The Brewery Field last term, it's a great time for you and your company to get involved too.

We're working hand-in-hand with Principal Partner, Procure Smart, to offer so much more than basic sponsorship. With Spennymoor Town, you can become a true partner of the Club, where you are offered not only brand exposure, but a full package of cost savings and support for your business.

There is so much work going on behind the scenes to give the Club the platform for genuine success to build on an FA Trophy Final appearance at Wembley in 2025 and our recent challenges for a place in the play-offs.

Spennymoor is a town with a population of only 21,000 but the Football Club undoubtedly punches above its weight, regularly coming up against former EFL teams and big populations of over 150,000. What clubs like that can raise through matchday income is disproportionate, and that's why we cannot compete the way we do without the great support we receive from our valued partners.

There's never been a better time to align your brand with Spennymoor Town, and we've got a multitude of options which can be tailored to your business needs.

We look forward to welcoming you to The Brewery Field in 2026/27.

BRAD GROVES, CHAIRMAN

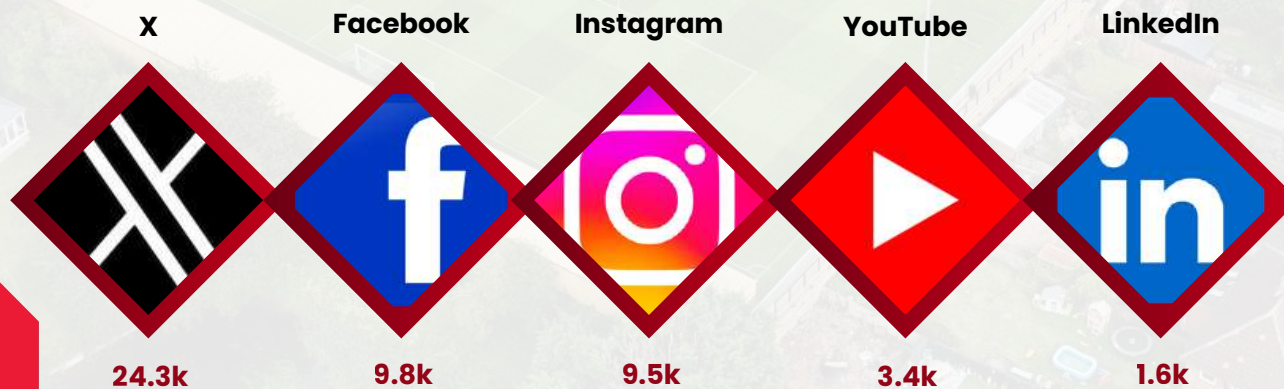

THE SPENNYMOOR TOWN BRAND

The Club's hugely popular social media channels have continued to grow in prominence and our connection with supporters is now even more powerful than ever.

We now boast 50,000 followers across our digital platforms and our engagement rates continue to reach levels seen by clubs much higher in the football pyramid.

The Club also has a professional and regularly updated Official Website which acts as our online home to provide all the latest news, match reports and reaction and information to supporters globally, regularly attracting up to 30,000 visitors each month.
